

Overtaking

1. What 3 things should you consider when working out if it is viable to overtake?
2. Why is it essential to check your blindspot before overtaking?
3. Why is it sometimes an advantage to leave a bigger gap, between you and the vehicle in front, just prior to overtaking?
4. Why could it sometime be an advantage to change down a gear to overtake?
5. Why should you always use a signal when overtaking?
6. How can you tell it is safe to move back into the left hand lane after overtaking?
7. What speed should you maintain (if safe) when in the right hand lane of a dual carriageway?
8. When can you overtake on the left?
